

# Invitation to the 7<sup>th</sup> annual conference

# NMM 2016

## Nano & Macro Mechanics

Department of Mechanics  
Faculty of Civil Engineering  
CTU in Prague

# 22<sup>th</sup> September

The conference intended for young researchers focused on the issues of mechanics at nano and macro level.

## Main topics of the conference:

- Testing of building materials at the nano and macro level
- Destructive and non-destructive method for determining the mechanical properties of building materials
- Relationship between material parameters at the nano and macro level
- Use of nanotechnologies in civil engineering
- Numerical simulations of the behavior of structures and materials

## Contributions:

Registration and abstract submission in the range of max 200 words (CZ or EN) will take place via the form on the conference website by 30<sup>th</sup> May 2016. Deadline for submitting the full text paper in the range of 4, 6 or 8 pages (EN) is 15<sup>th</sup> June 2016.

## Organizing committee:

Pavel Padevět  
Tomáš Plachý  
Petr Bittnar  
Pavel Tesárek

Tereza Otcovská  
Jaroslav Topič

## Conference fee:

Within SVK 2016 at CTU in Prague free of charge
