

Invitation to the 8th annual conference

N

M M 2017

Nano & Macro Mechanics

Department of Mechanics
Faculty of Civil Engineering
CTU in Prague

21th September

The conference intended for young researchers focused on the issues of mechanics at nano and macro level.

Main topics of the conference:

- Testing of building materials at the nano and macro level
- Destructive and non-destructive method for determining the mechanical properties of building materials
- Relationship between material parameters at the nano and macro level
- Use of nanotechnologies in civil engineering
- Numerical simulations of the behavior of structures and materials

Contributions:

Registration and abstract submission in the range of max 200 words (CZ or EN) will take place via the form on the conference website by 30th May 2017. Deadline for submitting the full text paper in the range of 4, 6 or 8 pages (EN) is 15th July 2017.

Organizing committee:

Pavel Padevět	Tereza Otcovská
Tomáš Plachý	Barbora Mužíková
Petr Bittnar	Zdeněk Prošek
Pavel Tesárek	

Conference fee:

Within SVK 2017 at CTU in Prague free of charge
